

Mobile Power Cord

Power your iPod™ and TuneCast™ II on the road

The Mobile Power Cord connects your iPod player to your car's power source and provides unlimited play and standby time. You'll know your Mobile Power Cord is properly connected by its illuminated LED indicator. The unit is engineered with a replaceable safety fuse to protect from potentially damaging spikes or short circuits. When used with the Belkin TuneCast II Mobile FM Transmitter (F8V3080-APL, includes DC power cable), you can power your FM Transmitter while on the road and preserve battery life.

Benefits

- Provides unlimited play time
- Features replaceable safety fuse
- Recharges safely and easily
- Provides a DC input jack (works with F8V3080-APL TuneCast II Mobile FM Transmitter)
- Comes with a Belkin Lifetime Warranty

The TuneCast II Mobile FM Transmitter (Belkin part number F8V3080-APL) includes a DC cable that, when used with the Mobile Power Cord, provides additional power for your Mobile FM Transmitter.
